

## ROBUCKLE STILL HELD IN PRISON

Formally Arraigned on Murder  
Charge, and Case Is Contin-  
ued Until Friday

## INNOCENCE AVERRED

Public Asked to Withhold Judg-  
ment; District Attorney Gath-  
ers More Evidence

San Francisco, Sept. 12. — Roscoe  
(Fatty) Arbuckle, motion picture  
comedian, was formally arraigned in  
court here today on a charge of  
murder in connection with the death  
of Miss Virginia Rappe, motion pic-  
ture actress, which occurred last Fri-  
day following a party in Arbuckle's  
rooms at the St. Francis hotel here.  
The complaint against Arbuckle,  
second to be lodged against him  
since his arrival here from Los  
Angeles on Saturday, was signed by  
S. Bambura Delmont, a friend of  
the dead woman. The first complaint,  
deposited by police officials, was for  
the purpose of holding Arbuckle in  
custody pending further investiga-  
tion. When Arbuckle was arraigned  
before Judge Daniel O'Brien, he  
pleaded to talk of the case through his  
attorney, a continuance until Friday  
was granted and the prisoner re-  
turned to his cell.  
Representatives of the district at-  
torney's office continued their ques-  
tioning of those known to have at-  
tended the Arbuckle party last Mon-  
day and from these, District Attorney  
J. J. Quinn, was obtained evidence  
which will be used against the actor  
in his trial. Among those questioned  
was Mrs. Sadie Spreckels, widow  
of John D. Spreckels Jr.

### Saw Girl at Hospital.

Mrs. Spreckels told the district at-  
torney that she was informed over  
the telephone last Friday by Mrs. Del-  
mont that the young actress was in  
serious condition in a local hospital.  
A Delmont asked Mrs. Spreckels to  
go to the hospital in New York  
concerning Miss Rappe's condi-  
tion. After the telegram had been  
received, Mrs. Spreckels told the district  
attorney that she called at the hos-  
pital and saw Miss Rappe.

Mrs. Spreckels said she was not sure  
if Rappe recognized her, but she  
did tell Mrs. Spreckels:  
"Oh, to think that I led such a  
life and to think I should get  
such a party."

In the day, Mrs. Spreckels  
returned to the hospital with  
answer to the telegram she had  
received from Mrs. Delmont. On her arrival  
at the hospital, Mrs. Spreckels told  
the police girl was unconscious and the  
telegram was not read to her.

Mrs. Spreckels told the district at-  
torney that she then called on Dr.  
J. J. Gordon, pastor of the First  
Presbyterian church, and asked  
him to offer prayers for the dying  
Miss Rappe. Mrs. Spreckels met Miss Rappe  
this city in 1915, she said.

Miss Joyce Clark, a cafe entertain-  
er, was summoned to the office of  
the district attorney after it was  
learned that she had been invited to  
Arbuckle's party. Miss Clark said  
she went as far as the lobby of the  
hotel but decided not to go to Ar-  
buckle's rooms. She met Mrs. Delmont  
next day, she said, and Mrs. Del-  
mont gave her the details of the party  
and the alleged attack.

Before an inquest into Miss Rappe's  
death today, Arbuckle's attorneys  
issued a statement asking the  
jury to withhold judgment until the  
case has been rendered its verdict.

The statement said in part:  
"With a full knowledge of our posi-  
tion as attorneys, we assert that Ros-  
coe Arbuckle is innocent of the  
charge of murder and that his con-  
nection with the death of Miss Vir-  
ginia Rappe, and that the courts  
California will sustain our con-  
fidence in his innocence. We, with  
complete knowledge of all facts, know  
that he is innocent."

"The patrons of the silent drama,  
with a knowledge of the smile and  
heart of 'Fatty' Arbuckle will not  
believe that he is guilty of the charge  
laid against him until proved in a  
court of justice."

### Picture in Rogues' Gallery.

Arbuckle went to bed on his narrow  
couch at 9 o'clock last night and  
awoke at 10 o'clock this morning  
to find the greatest crowd of people  
had gathered for his breakfast from  
all over the city.

Captain of Detectives Matheson or-  
dered that Arbuckle be placed in the  
regular morning lineup of prisoners  
this morning and that he be photo-  
graphed for the rogues' gallery and  
fingerprints and Bertillon measur-  
ements be taken.

Representatives of the Famous  
Lasky corporation, distribu-  
tors of the films in which Arbuckle  
is starred, said today that there had  
been some cancellations of Arbuckle's  
engagements.

Any declaration of policy in re-  
gard to the corporation's future at-  
titude in regard to the pictures would  
be made from New York.

## ROBUCKLE FILMS PUT UNDER THE BAN IN SEVERAL CITIES

New York, Sept. 12. — Officers of  
the Motion Picture Exhibition league  
today were summoned to meet to-  
morrow to take action regarding can-  
cellation of films featuring Roscoe  
Arbuckle.

Joseph Levenson, secretary of the  
board of motion picture censor-  
ship, said the board did not con-  
template any action against Arbuckle  
pictures. He declared that the law  
under which the board operates pro-  
vides for censorship of pictures and

## "Teddy" Addresses Great Crowd At the State Fair

Saratoga, Sept. 12. — Theodore  
Roosevelt, assistant secretary of the  
navy, told a huge throng at the state  
fair today that the national adminis-  
tration is facing with courage certain  
great constructive undertakings, not-  
ably the conference on the Far Eastern  
policies and the limitation of arma-  
ments.

"This is a fine, practical step," he  
said, "and every good American is  
heart and soul behind any movement  
of the kind."

"There are many false doctrines be-  
ing mouthed throughout the country,"

he continued, "and there is much mis-  
understanding as to its scope and pos-  
sible attainments caused by men and  
women who through ignorance and  
maliciousness are misrepresenting the  
facts. The conference is not a dis-  
armament conference. The word dis-  
armament is not used at all in the call  
issued by President Harding, and dis-  
armament is not a physical possibility.  
Limitation of armament is what the  
conference was called to consider, and  
limitation or reduction of armament  
is a possibility and one earnestly de-  
sired."

does not empower the board to bar  
a picture because of any personal at-  
tack on a member of the cast.

Rochester, Sept. 12. — Officials of  
the Seymour corporation, a syndicate  
selling several movie houses in  
the city, announced today that it  
has cancelled films starring Roscoe  
Arbuckle, pending the outcome of his  
trial in San Francisco in connection  
with the death of Miss Virginia  
Rappe.

Sept. 12. — All pictures  
of Roscoe Arbuckle, held in  
connection with the case against  
him, were placed under the ban by the  
Michigan Motion Picture Exhibitors' as-  
sociation.

Exhibitors throughout the state  
were advised to discontinue showing  
Arbuckle pictures until the case  
against the film comedian is disposed  
of.

Los Angeles, Cal., Sept. 12. — The  
latest film production featuring Roscoe  
(Fatty) Arbuckle, held in jail in San  
Francisco in connection with the  
death of Miss Virginia Rappe, was  
cancelled last night at one of the  
largest of the local motion picture  
houses.

No Arbuckle films were advertised  
by any local theatres today. At the  
Knoxville Players' theatre, a corporation  
film exchange distributor of Arbuckle  
films, it was stated there had been  
no cancellation as far as was known  
there and at present it was not con-  
templated discontinuing booking them.

Binghamton, Sept. 12. — Managers  
of two local motion picture theatres  
today announced they would con-  
tinue to show films featuring "Fatty"  
Arbuckle, several of which are on the  
boards this week. They took the po-  
sition that until the charges made  
against him are proved, there is no  
reason for barring his screen produc-  
tions.

Buffalo, Sept. 12. — At a special  
meeting here tonight, Buffalo theatre  
managers voted to show no Arbuckle  
films until the murder charge against  
the comedian has been disposed of.

### Actress' Fiancee Talks.

New York, Sept. 12. — Henry Lehr-  
man, motion picture director, who was  
engaged to marry Virginia Rappe, the  
film actress for whose death Roscoe  
Arbuckle is held in jail in San Fran-  
cisco, today said he would devote  
every moment he could spare from  
his business to pressing the comedian's  
prosecution.

"I cannot go to the coast in person,"  
he said, "but I am doing everything  
that can be done by telephone."

Mr. Lehrman said that he would  
supervise funeral arrangements after  
the inquest in San Francisco Thurs-  
day. Miss Rappe, he said, had no near  
relatives. Burial will be in Los  
Angeles.

### A Favorite With Children.

San Jose, Calif., Sept. 12. — Roscoe  
C. Arbuckle, under arrest in San Fran-  
cisco on a murder charge, played the  
part of the "pied piper" to the child-  
ren of Santa Clara, near here, where  
he lived years ago, according to a  
statement today by his step mother,  
Mrs. Mollie Arbuckle. Mrs. Arbuckle  
is a washer woman. Her husband  
died four years ago.

"He was so big and good natured  
and so full of fun that the children  
used to follow him to watch his an-  
tics," Mrs. Arbuckle said at her Santa  
Clara home. "I knew nothing of Ros-  
coe until he was 12 years old. He was  
always good natured. He got his  
start in San Jose by singing in the  
theatres. Then he went away, and I  
did not hear from him until about four  
years ago, when he appeared in a San  
Jose theatre. I spoke to him for a  
few moments then."

"Roscoe was always kind to me, but  
he never offered to support me and I  
never expected him to. I do not feel  
it was his place to support me."

"If he is innocent, I want to see him  
cleared. If he is guilty, I want to see  
him punished to the limit."

According to Mrs. Arbuckle, Roscoe  
is an uncle of Al St. John, motion pic-  
ture actor, of Los Angeles. He has a  
brother, Arthur Arbuckle, in San  
Francisco, and another brother, Harry  
Arbuckle, in Fresno, she said.

### BRITISH UNCOVER PLOT.

London, Sept. 12. — The British  
intelligence department at Constanti-  
nople has discovered a vast revolu-  
tionary plot, organized and subsidized  
from Angora, the Turkish nationalist  
capital, to foment a revolution at Con-  
stantinople, according to Reuters dis-  
patches.

It was planned to spread dissa-  
tisfaction among the loyal Indian troops  
and assassinate the leading Allied of-  
ficers. Seventeen desperadoes, it is re-  
ported, were brought to Constantinople  
to carry out the murders. The British  
authorities have demanded the arrest  
of those implicated.

### THIS SPEAKER OUT OF GAME.

Cleveland, Sept. 12. — Manager Tris  
Speaker of the Cleveland Indians was  
today with the team when it left here  
tonight on its last invasion of the East.  
Speaker is suffering with a contusion  
of the right knee joint, sustained yester-  
day when he tripped over first base  
in St. Louis.

An X-ray photograph taken late to-  
day showed there was no fracture,  
but according to his physician, Speak-  
er will be out of the game indefinitely.

## MUCH INTEREST IN N. Y. PRIMARY

Four-Cornered Contest for Repub-  
lican Nomination for Mayor  
Holds Center of Stage

## RACE WILL BE CLOSE

Outside of Numerous Local Con-  
tests, Little Excitement  
Prevails Upstate

New York, Sept. 12. — The liveliest  
primary campaign New York has seen  
in many years closed tonight with the  
spotlight focused on the four-corn-  
ered contest tomorrow for the Repub-  
lican nomination for mayor.

More than one million enrolled Re-  
publicans and Democrats are entitled  
to express their preference as to can-  
didates for city, county and borough  
offices and for the assembly. It will  
be the first majority campaign in  
which women can vote.

As Tammany hall has redesignated  
John F. Ryan for mayor and there  
are comparatively few contests of im-  
portance among the Democrats, the  
main public interest is in the Repub-  
lican mayoralty nomination. All the  
candidates—Henry H. Curran, presi-  
dent of the borough of Manhattan; L.  
H. LaGuardia, president of the board  
of aldermen; Judge Reuben L. Haw-  
kell of Brooklyn and former state Sen-  
ator William A. Bennett of Brooklyn.

Each candidate has conducted a vigor-  
ous campaign for weeks, expending them-  
selves tonight as confident of victory.

Impartial political observers gen-  
erally agree that the race will be close.  
Curran, who is the candidate of the  
conservative, has the backing of the  
regular Republican machine. The other  
contenders, however, have large  
personal followings and have rolled up  
big votes in past elections.

### All Three Attack Curran.

Considerable interest has developed  
in Judge Haskell's campaign. He was  
elected a county judge last year on a  
wet ticket. He has asserted in his  
campaign speeches that his vote would  
be an indirect referendum on the  
prohibition question.

Major LaGuardia has attacked the  
Republican machine, and especially  
Governor Miller, in his campaign ut-  
terances. Mr. Bennett, who objects to  
coalition, has pleaded for the old-time  
Republican vote. All three have at-  
tacked Mr. Curran as a "controlled  
candidate."

Mr. Curran, who has had ten years'  
experience in city office, has contend-  
ed that the issue was one of good  
government for a city of six million  
souls, costing \$1,000,000 a day and  
employing 75,000 persons. His watch-  
word has been: "New York must be  
put back on its feet again. Mayor  
Ryan must go."

In the Democratic ranks, the fight  
of James J. Hines for Manhattan bor-  
ough president against the Tammany  
designee, Julius Miller, is the most im-  
portant battle.

Another contest that has attract-  
ed interest is that of John J. Hopper,  
who is running as an anti-organiza-  
tion candidate for register in both the  
Republican and Democratic primaries  
against women. Miss Helen Varick  
Boswell and Miss Annie Matthews have  
been named, respectively, as the or-  
ganization Republican and Democratic  
candidates. Mr. Hopper contends that  
a woman is not qualified for the po-  
sition.

### The Polls Will Open at 3 p. m. and Close at 9 o'clock.

Little Excitement Upstate.  
Albany, Sept. 12. — Local contests  
in a few counties and municipalities  
furnish the only interest in tomor-  
row's primary election upstate. In a  
number of cities, there are spirited  
fights for mayoralty nominations and  
for minor places on the local and  
county tickets.

Contests for nomination to the as-  
sembly are unusually few. There are  
Republican fights in the first and sec-  
ond districts of Albany county, where  
Assemblymen E. C. Campbell and  
George W. Decker, the choice of the  
Republican county organization, are  
opposed by Dr. H. Judeon Lips and  
W. W. Long, independent Republi-  
cans.

Otto L. Ives, president of the Hol-  
stein-Friesian association and Charles  
L. Banks, chairman of the county  
board of supervisors, are candidates  
for the Republican assembly nomina-  
tion in Chenango county.

William Duke Jr.'s nomination is op-  
posed by D. D. Gordon in the Republi-  
can primary.

There are two assembly contests in  
Erie county, three Democrats, J. J.  
Megan, John T. Gaffney and Andrew  
L. Beasley, seeking nomination in the  
fourth district, while A. Borkowski  
and A. A. Parzyowski are contestants  
for the Republican nomination in the  
fifth district.

There has been a sharp fight in  
Herkimer county, where the return  
of Assemblyman J. A. Evans is op-  
posed by Dr. Frederick Cole. Last  
year, Evans defeated Cole by 13 votes.

In Orange county, Maxwell Corke-  
dale is pitted against Assemblyman  
Arthur E. Brundage for the first dis-  
trict Republican nomination.

### PROBE CHESTER CATASTROPHE

Chester, Pa., Sept. 12. — City of-  
ficials and citizens alike turned their  
attention today from the death scene  
at Third street and the Chester river,  
where 24 persons lost their lives  
Saturday night in the collapse of a  
bridge, to the investigations which  
are expected to fix responsibility for  
the accident.

At least two inquiries are actually  
under way. The board of county com-  
missioners, which is responsible for  
the bridge, initiated an investigation  
of its own, while the police are gath-  
ering all information available for the  
city administration.

### BIG INCREASE IN EXPORTS.

Washington, Sept. 12. — Exports in-  
creased approximately \$4,000,000 and  
imports about \$17,000,000 during Au-  
gust as compared with July, according  
to the monthly foreign trade summary  
issued today by the commerce depart-  
ment.

### KETCHUP BEAST PROVES FATAD

Warren, R. I., Sept. 12. — While  
Samuel Moeniger was opening a  
ketchup bottle at his dinner table  
here today, the container exploded  
into a thousand pieces. A triangular  
piece of glass was driven into his  
throat, and he died a few hours later.

### SOVIETS DECLARE WAR.

Riga, Sept. 12. — The Russian Soviet  
government has declared a state of  
war in Bessarabia, in the Rumanian  
frontier zone.

## FULL NAVAL HONORS FOR ZR-2 VICTIMS

British Cruiser Dauntless Will Ar-  
rive Friday With Bodies  
of 16 Americans

New York, Sept. 12. — Comrades in  
arms today were preparing to pay  
their last tribute to the American offi-  
cers and men who plunged to their  
deaths with the ill-fated dirigible,  
ZR-2.

The British cruiser Dauntless will  
bring the bodies of the 16 American  
sailor men to the New York navy yard  
from England next Friday afternoon.  
These American bluejackets will re-  
ceive their own dead and the follow-  
ing afternoon will accord them the  
full naval honors due those who gave  
their lives in line of duty.

A fleet of destroyers, aircraft and  
possibly several battle ships will put  
out from the base at Newport, R. I.,  
and escort the Dauntless into port.  
A special chapel is being built to  
receive the flag-shrouded caskets.

Two hundred strong, picked from marines  
and seamen, will watch over the dead  
until the memorial service.

The victims of the disaster will come  
home as a unit. It originally was  
planned that the Dauntless should  
pause on the high seas to consign to  
the deep the body of Lieut. Com-  
mander Emory Coll, in accordance  
with his expressed wish. It was  
decided, however, that his body should  
first rest on native soil to share with  
his dead comrades the sorrow of the  
home and before it is laid to rest in  
the Atlantic. When the burial later  
is made, it will be from the deck of  
an American warship.

Washington, Sept. 12. — Commander  
P. T. Pye, who acted as American  
naval inspector during the construc-  
tion of the dirigible ZR-2, has been  
designated to represent the navy de-  
partment before the British commit-  
tee which will investigate the disaster.  
Vice Admiral Niblack advised the navy  
department today.

The investigation is expected to oc-  
cupy two months, the dispatch said.

### RELIEF FOR UNEMPLOYED

Massachusetts Governor Asked to Act  
Immediately—No Auctions Allowed  
in Maryland

Boston, Sept. 12. — Twenty-five  
Democratic members of the legisla-  
ture, all from this city, at a meeting  
at the state house today, adopted a  
resolution requesting Governor Cox  
"to take immediate steps to find a  
solution of the unemployment prob-  
lem." Plans also were made for a  
conference with Mayor Peters in an  
effort to obtain relief for the unem-  
ployed.

Baltimore, Sept. 12. — Auctions of  
the unemployed as was proposed to  
be started in Baltimore today will not  
be permitted by either state or city  
officials.

This was announced just as a crowd  
of jobless seafaring men were pre-  
pared to march from the harbor front  
to hold a "sale" on the city hall plaza.

Governor Ritchie telephoned from  
Annapolis to Police Commissioner Gut-  
tier forbidding the action. He de-  
clared that the idea could not be  
tolerated, adding that "no man's ser-  
vices should be offered in this state in  
a way which would violate the self-  
respect of the American working man."

### FINDS MOTHER'S GRAVE AFTER 38-YEAR SEARCH

Syracuse, Sept. 12. — After 38 years  
search, Dr. Charles A. Hirschberg,  
prominent New York lawyer, has just  
found the grave of his mother through  
information given by an aged Jewish  
woman in Syracuse. It is in a small  
cemetery near here.

His parents lived here more than  
40 years ago, but on the death of his  
mother, his father moved to Chicago,  
taking the boy with him, and remar-  
ried. When young Hirschberg was  
five years old his father and step-  
mother died. He found a home in  
Cleveland, worked his way up and was  
graduated from Case Science school.  
From there he went to Denver as a  
mechanical engineer, where he be-  
came the editor of an engineering  
magazine. Later he went to New  
York and established the firm that  
bears his name. During the war he  
was vice president of the Liberty Loan  
committee in the Second Federal Re-  
serve district.

### RULES STATES OF VINEGAR

Rochester, Sept. 12. — Announce-  
ment was made here today at the  
executive offices of the American Vin-  
egar and Vinegar Manufacturers' as-  
sociation that the secretary of agricul-  
ture had granted the association's  
contention that vinegar made from  
waste or evaporated apples should not  
be branded as "apple" or "pure cider"  
vinegar. He had ruled, however, that  
it might be labeled "apple" vinegar.

The former State Senator William W.  
Armstrong, of this city, to have fought  
for such a ruling for 25 years. The  
ruling, according to word received by  
the association, was made to regulate  
the branding of vinegar until a court  
decision on the matter can be obtained.

### HARDING GREET'S CENTENARIAN

Huntington, W. Va., Sept. 12. — John  
T. Gibson, retired from the army, who  
will celebrate on next Saturday the  
100th anniversary of his birth, today  
received a congratulatory message  
from President Harding. It follows:  
"I do remember very well the old  
gentleman who sat next to me at  
the Huntington meeting last autumn  
and was delighted to greet you again.  
I have to congratulate you on having  
lived a full century, the most eventful  
and important, I am sure, in the  
world's history; and I hope you will  
have many more years vouchsafed to  
you in what I believe will be a yet  
more important and fruitful time."

### 800,000 CHILDREN TO SCHOOL.

New York, Sept. 12. — Opening of  
New York city's public schools to-  
day sent 800,000 children from the  
streets and playgrounds to the class-  
rooms. This army of youngsters, if  
massed together, would form a munici-  
pality that would equal in popula-  
tion the fifth largest city in the United  
States. There are 525 schools in  
the five boroughs of Greater New York.

### BAVARIAN CABINET RESIGNS.

Munich, Bavaria, Sept. 12. — The en-  
tire Bavarian cabinet resigned today.

## HARDINGS DROP INTO NEW YORK

Motor From Atlantic City and  
Spend Night in Metropolis,  
Attending Theatre

## TAKE CRUISE TODAY

Will Vacation Along Long Island  
Shore Until Tomorrow, When  
They Return Home

New York, Sept. 12. — For the  
first time since his inauguration, Presi-  
dent Harding was in New York to-  
night after motoring from the Sea  
View golf club near Atlantic City, a  
distance of about 120 miles.

The President's visit here, he ex-  
plained, after arriving at the Ritz-  
Carlton hotel, was merely a contin-  
uation of his short golfing and vaca-  
tion trip. The President and Mrs.  
Harding attended a popular musical  
comedy tonight, sharing their box  
with Henry P. Fletcher, undersec-  
retary of state, Mrs. Fletcher and Mr.  
and Mrs. George Van Fleet of Marlon,  
Ohio.

Despite a drizzling rain that fell  
during the first 50 miles of the trip,  
President Harding apparently enjoyed  
the day's motoring.

At Perth Amboy, where a short stop  
was made, the children and many  
of their older friends lined the streets  
and waved flags as the party passed.  
Harding held an impromptu reception  
while the others rested in a hotel be-  
fore taking the ferry to Staten Is-  
land, where the motor trip was re-  
sumed.

### Saluted by Harbor Craft.

At St. George, the party was met  
by Mayor Hyman, who received its  
members on the municipal ferry boat  
"Queens." As it crossed the harbor  
to Manhattan, the presidential pen-  
ant at the masthead of the ferry, at-  
tracted the attention of river and  
harbor craft which blew their whis-  
tles in greeting. President and Mrs.  
Harding made the trip in the boat's  
pilot house.

After dinner in their apartment,  
President and Mrs. Harding and their  
traveling companions left for the  
theatre without holding any formal  
reception, although Mr. Harding stop-  
ped frequently to shake hands with  
admirers.

Mr. and Mrs. Alexander P. Moore  
of Pittsburgh and Secretary of Com-  
merce Hoover joined the Presidential  
party at the theatre. During the in-  
termission, the President stood up and  
addressed the audience. He was  
applauded by the audience of Con-  
necticut and Representative Nicholas  
Longworth of Ohio, who were in an  
adjoining box.

The President plans to arise early  
in the morning and motor to Brook-  
lyn, where he will board the May-  
flower at the navy yard. After a short  
cruise up Long Island sound, the Presi-  
dential party will land at some point  
along the north shore and motor to  
the Piping Rock Golf club. The  
President plans to return to the May-  
flower in the afternoon and cruise  
about New York waters until Wednes-  
day, starting back for Washington  
Wednesday morning.

### Enjoys Foursome at Sea View.

Atlantic City, N. J., Sept. 12. — Presi-  
dent Harding brooded his Atlantic  
City vacation to a close today with a  
foursome at the Sea View Golf club,  
having as his partner Clarence Geist,  
president of the club. Their oppo-  
nents were Secretary Fletcher and Sen-  
ator Frelinghuysen. He left by motor  
early this afternoon for New York,  
where he will attend a theatre and  
spend the night. Tomorrow he will  
play golf at Piping Rock.

### STATE POWER STIFLED

Washington, Sept. 12. — Brig. Gen.  
C. E. Sawyer, personal physician to  
President Harding, Mrs. Sawyer, and  
Attorney General Daugherty left  
Washington today for New York,  
where they will join President Har-  
ding and his party, returning to Wash-

### RAILROAD CORPORATIONS ACTIVELY EN- GAGED IN FIGHTING SUCH REGULA- TION, ANNOUNCEMENT CHARGES.

New York, Sept. 12. — Charges that  
the great railroad corporations are ac-  
tively engaged in fighting regulation  
by state commissions, were contained  
in the announcement made public to-  
day at the annual convention of the  
National association of Railway and  
Utilities commissioners which meets  
in Atlanta, Ga., on October 11.

"The transportation act of 1920," de-  
clared the announcement, "is being  
construed as if it were entitled 'an act  
to transfer state jurisdiction over rail-  
roads to the federal government.' It  
was not the intent of congress to de-  
stroy state regulation and the associa-  
tion will continue to stand against un-  
due encroachment by federal power."

The announcement declared the in-  
terstate commerce commission, virtu-  
ally stifled the exercise of state power  
in the settlement of controversies  
which existed entirely within states,  
and that the time is ripe for agree-  
ment action by the association for the  
enactment of law defining state juris-  
diction beyond all doubt.

The association embraces all the  
railroad public utilities commissions  
in the United States, Hawaii, Porto  
Rico and the Philippine Islands.

### PITTSBURGH NEARLY UPSET.

Plates Have to Work Overtime to Win One Game of Double Bill.

Pittsburgh, Sept. 12 — Pittsburgh and Boston split even on today's double header, the former winning the first, 5 to 4, in 15 innings and losing the second 4 to 3. Carey's single Maravillous double and Gibson's error at the plate scored the winning run in the fifteenth inning.

In the second game Glazner was knocked out of the box in the seventh inning, and Zim, who relieved him, was unable to hold the visiting batters. With the score tied in the eighth and two out, he pined Christenburgh and Cruise, which was followed by Boefer's single to center scoring what proved to be the winning run. Southworth was hurt in a collision with Powell in the first game and was forced to retire.

## TWO MAY RETURN FROM GRAVES FOR SHARE IN WORLD SERIES

Back from baseball graves to get their share in this year's world series, is that what Babe Adams of the Pirates and Frank Baker of the Yankees are up to?

Of course, neither the Pirates nor the Yankees have clinched pennants, but both clubs are "sitting pretty." Babe Adams pitched in one world series in 1909 when the Tigers and the Pirates clashed. Adams won two games and Pittsburgh was declared the world's champion club.

Baker Home Run King.  
Baker has starred in more than one He was the home-run king when the Athletics were copping annually. He was known as a money player—doing his best work in the big series.

But Baker and Adams were both counted out. And in sports it is common to say that a man can't come back. Daily accounts of games played in the two big leagues include favorable mention of the two veterans.

Adams is Steward.  
Adams is one of the stalwarts of the Pirates as he was in 1909. And Baker is batting in the runs the Yankees need so badly in their fight with Cleveland.

Babe Adams is thirty-eight years old and began pitching in 1904 with Parsons, Kan.  
Frank Baker is thirty-five years old and had been out of baseball over a year when the Yankees took him back this spring.

## NO GAME WITH CARBONDALE

With Score 2 to 0 in Visitor's Favor Rain Descends in East of Fourth to Such Extent That Game Was Called — Bonackers Here This Afternoon for Final Game of Season.

Rain interrupted what promised to be a very interesting game of ball at Neahwa park diamond yesterday afternoon with the visiting gang in the lead by a 2 to 0 score, but Oneonta had a man on second and only one down, with some heavy hitters to arrive. It was an unfortunate state of affairs that the deluge should come at this time when the fans present were keyed to a high pitch but when nature decides to do something contrary to man's wishes, why the latter must simply take a back seat, either gracefully or otherwise.

The fourth was the disastrous round from other points of view than the weather. Monahan opened with an easy fly to Herman, but the latter, almost universally sure fly-trapper, erred. Gannon bunted to Scanton, who electing to get the man going second, pegged badly to Steffen and two were safe and none out. Brady fled to Balid and Wearne was retired, via Scanton to Byrnes. Brennan got his second hit seeing Monahan at Gannon. The ball was hit to Farrell who made an excellent lunge to the plate in time to catch the second runner, but McGrath dropped the ball as he touched the runner. Hickey was fanned.

Stiffen opened the locals portion of the fourth with a mighty double base hit to left. Oneonta's only hit of the abbreviated contest. Hickey put a fly into left field for an out and then the run got in its heavy bombardment and successfully drove all idea of a ball game out of the heads of the small crowd present.

The Bonackers are coming to the city this afternoon for the final game of the season. They think that the other game here was a fluke victory for the Giants and are coming after the bacon this time sure. As a preliminary to it they defeated the All Professionals of Troy 11 to 1 Sunday. Well we will show them that it wasn't any imitation win the other time.

Base stealing has declined this year with the heavy hitting.

Gene Coehren, veteran pitcher released by Shreveport, was taken out by Houston.

The San Antonio club has purchased Pitcher Sterling Stryker from the Indianapolis club.

George Tyler, recently let out by the Chicago Cubs, has been signed by Rochester International.

If Corvlesle were to be subtracted from the Cleveland and Mays from the Yankees, what a mess it would leave.

Cy Young is fifty-five years old, but can still give lessons in flinging to a whole lot of youths who are drawing big league pay.

Earl Brooks, Mount Pleasant, Mich., normal school pitcher, has joined the Saginaw Mint league for a fling at professional ball.

A remarkably fast game was staged in Rocky Mount when Norfolk and the Tar Heels completed a nine-inning game in one hour.

Capt. Eddie Collins has fallen for golf, even to the extent of purchasing a pair of knickerbockers in which to pursue the ancient Scottish sport.

Alexander is working his head off to help make Killefer a success as manager. The Nebraska spends all his spare time on the coaching lines.

"Chic" Fawcett has been in a batting slump and, although Bobby Roth, a much better hitter, is with the club, Huggins refuses to substitute Roth for Fawcett.

As a home club the Cardinals are a distinct success. They're much better there than away. The Yanks are better, if anything, on the road. The Giants are better at home and, bar Pittsburgh, have done poorly in the Western cities.

It's a better grade of baseball with better pitching and normalcy in hitting. The greatest of mistakes would be to purposely increase the hitting. Cheapen anything and it loses its glamor. Except Ruth's home runs, The Babe has a style all his own.

## WERDEN ADMITS BABE RUTH SWINGS HARDER

Fans Yelled Because He Drove the Ball So Hard.

Yankee Slugger's Big Assets Are His Swing and Weight—No Excitement Over Werden's Record of 45 Home Run Drives.

The old home-run king takes off his hat to the new one, Perry Werden, home run king, who made his record of 45 drives in 1905, admits that Babe Ruth has a harder swing than he had when he made his mark.

"There is no doubt but that Babe has it on all of them—modern and ancient," says Werden.

"His swing and his weight are his biggest assets."

"When I made my record, I was playing with the St. Louis club of the old Western league."

"There wasn't much talk about my 45 home runs. The truth is, some fans panned me because I swung too hard."

"Fences were farther back then. I had to hit the ball hard to lift it out of the park."

"I weighed 180 pounds—if I had been heavier I might have hit them as far as Babe."

"I batted right handed. My average that year was .428."

Werden is now calling balls and strikes in the Dakota league.

He isn't as spry as he once was, but he runs the game like a czar.

His record was almost forgotten until Ruth made 29 home runs in 1919. Then the dope on Werden was dug up for comparison.

The best day at bat Werden ever had was on July 23, 1905, when he rapped out four home runs and a single in five times at bat, giving the slugger a total of 17 bases for one game.

Werden stood at the plate with his feet close together, lifted himself back and met the ball with his whole weight behind the bat.

He had a good eye and seldom struck out. His grip was like Babe's, students \$8 for athletic tax.

## LOCAL PEOPLE LIKE TABLETS BETTER THAN YEAST

TABLETS CONTAIN PROPER DOSE, EASY TO TAKE, QUICK, DRUGGISTS RECOMMEND.

CHEMISTS CONCENTRATE DOSE INTO PINK TABLET

Many people are wisely eating Spinach, carrots, milk and fruit juices every day to get the vitamins so vital to health. Others are eating yeast—but now comes a tiny tablet which is easy to take. You get sixty of these tiny tablets in a bottle at any drug store. These are the Vitamins. Tablets contain a proper dose in highly concentrated form of both Water and Fat Soluble Vitamins, etc. (See formula on bottle).

For those not familiar with Vitamins, it can be said that Vitamins mean the difference between sickness and health. Vitamins are in many foods, but most of us do not get enough because we cannot scientifically balance our diet. In the Army and Navy boys grow fat, rosy, clear skinned and vigorous in just a few weeks. Soon as they leave the army and its scientific balanced vitamin diet, and started choosing their own foods, they grew weak thin and pale. People in a half sick state, thin, undernourished condition report that as soon as they had taken these Vitamins, they gained weight, strength, color, freedom from boils, pimples, carbuncles, etc., and a new buoyancy and vigor.

Magazine medical journals, hospitals, doctors and chemists everywhere are recommending more Vitamins. Here is a powerful, easy to take, economical tablet which produces results quick.

Visit the nearest drug store and procure a bottle of these Vitamins. Tablets or whole and follow the plan set out in the Vitamins Laboratory, Wheeling, W. Va., for a healthy person.

## COMMENTS OF THE PRESS

## The American Atmosphere.

Perhaps the trouble with those so unhappy in the American atmosphere is that they look for American emotion to dress itself in the accepted European forms. There is the familiar regret that the children of the native American will not express themselves in the folk dances which come so easily to the children of the foreign-born on the laws of Central park. But what of native self-expression on the baseball fields and in the football stands? An ancient Greek might have found something almost bacchanic in the American cheer leader with the ball on the five-year line and a minute to play.

The energy now expended in depicting the absence of the joy of living in these United States might be profitably employed in guiding the native zest and optimism into the desired channels. — [New York Evening Post.

## Stranger Than Fiction.

Oliver Optic, Horatio Alger or Mayne Reid would have vied with one another to make "copy" of the five Greek brothers of Unlontown who made so much money shoring shoes in the last fifteen years that they are about to build a hotel costing \$1,000,000 in the middle of the town.

Bootblackening, or bootlegging—anybody who has anything to do with the boot these days seems to be getting rich. The chief end of a man seems to be no longer the head but the foot.

The story is a rebuke to those who while they all the promising claims on the earth's surface were staked out before they came along. There is no more paralyzing fallacy than this. The chances abound for those with the will and the wit to seize them.

The tale of the five brothers is a recent instance of an old, old story, and a story especially characteristic of America, the land of opportunity for all and a story especially characteristic of America, the land of opportunity for all.

## Our Bed for Procrastinators for Allens.

Representative Siegel charges that immigration officials are separating parents from their children in order to comply with the monthly quota rule promulgated by the Commissioner General under the Emergency Immigration law—that parents are being deported and their children are left behind to rot in the family home.

The charge is unbelievable but it may be true. There is no insurance against inhumanity when bureaucrats are delegated to enforce a silly and inhuman law. — [New York World.

## The Effect of Ease.

Experts say that American women are taller than they were forty years ago and that athletes is responsible. Only a small proportion of the women of the country indulge in athletics. It would be just as easy to prove that the increase in height is due to less exercise than formerly.

Surely the broom and the washbasin are as effective muscle producers as the golf stick and the tennis racket, and the modern housewife does not as a rule have to work as hard as did her mother and grandmother. — [Philadelphia Evening Ledger.

## Smaller Paper Money.

Many will welcome the announcement that the government will make its paper money smaller. This will serve convenience as well as economy. The present size of bank bills is excessive. To carry them unfolded it is necessary to have an awkward bulky pocketbook. Except for the Bank of England note, the currency in foreign countries is considerably less in size than here. Sometimes the size increases with the value, an expedient which is an advantage in some respects though open to criticism in others. — [Philadelphia Inquirer.

## Relief for Unemployed.

As measures of at least partial relief for the unemployed Secretary of Labor Davis suggests the undertaking of public works, the distribution of work in the mills so that all may have employment and above all the shaking off of fear and the taking on of courage. — [Brooklyn Eagle.

## DOUBLE DUTY FOR TOMATO

With Few Seeds, Ruddy Vegetable Can Be Utilized for Variety of Preserves and Conserve.

It is a year when fruit is scarce the tomato may be easily made to make a grade as a fruit. In fact preserves, conserves and butters made from tomatoes rival those of fruit in flavor and excel in color, some housekeepers think.

The following recipes are vouched for by the home economics workers at the state college of agriculture.

**Tomato conserve**—5 pounds of ripe tomatoes, 4 pounds sugar, 2 lemons, salt.

Scald the tomatoes and slip off the skins. Place the tomatoes in a crock or enamel bowl and add sugar, salt. Let them stand overnight. Drain off the juice and add it rapidly until it thickens. Add the tomatoes and lemon and sliced thin and cook the preserves until they are thick and clear. They should be a rich red color. Seal them in clean, hot jars.

**Tomato conserve**—1 quart tomatoes, 1 cup seedless raisins, 4 cups sugar, 1 lemon, cut in small pieces, ½ cup English walnuts.

Wash the raisins and steam them for 30 minutes. Add them to the other ingredients and cook the mixture until it is thick and clear. Turn it into clean, hot glasses and cover them with hot paraffin when cold.

**Tomato and apple butter**—1 pint tomato pulp, 1 pint apple pulp, 3 cups sugar, 1 small stick cinnamon, 1 orange, juice and grated rind.

Combine the ingredients and cook the mixture until it is thick and clear. Seal it in clean, hot jars.

## Other preserving and canning suggestions are to be found in H 136, a bulletin which the state college of agriculture at Ithaca will send free to residents of New York.

## IS THE VIEW OF CONGRESSMAN CLARKE OF THIS DISTRICT IN CITY YESTERDAY.

Says No Prospect of Congress Considering Matter This Session—Would Care for Wounded But Doubts Advantages of Aiding Able-Bodied.

Little hope for immediate reconsideration by Congress of the adjusted compensation measure for veterans of the World War that was halted by the disapproval of President Harding is held out by Congressman John D. Clarke, who was in the city yesterday. Congress is now engaged in seeking for means of securing adequate income for the routine outlays of government and is not likely to impose additional burdens by such a benefit measure, according to the Congressman who denied that the matter of soldiers' homes would come up again in the near future.

"My own position," he said, "is known. For the wounded men, I say the sky is the limit but I question the advisability of adding to the tax burdens by aiding able-bodied men." Congressman Clarke was in Binghamton Saturday on his way to Greene where he spoke Saturday at a community gathering. He stayed over Sunday in the city, and will return Thursday for the Rotary Inter-City Field day. With Senator Calder, he then plans to return to Washington to study taxation problems in keeping with the various suggestions made by Senators Smoot and Penrose and to determine their value in relation to the various interests of the 34th Congressional district which he represents.

Congress will not reconvene until October 4, but Congressman Clarke plans to arrive at a comprehensive idea of the taxation problems before the regular sessions begin.

At Greene, the Congressman discussed the theme, "The Community in Its Larger Relations," and outlined the national problems engaging the attention of Congress, especially the larger problem of meeting the necessary outlays of the government with the possible income under any tariff and taxation.

"The things of immediate concern to me," he said, "are the working out of the agricultural problems referred to the committee on agriculture of which I am a member, and problems involved in the pooling agreement entered into by 57,000 farmers who are producing and shipping milk to New York."

Conversation with the Congressman disclosed that the packer legislation agitated in Congress for 20 years was brought out in a bill, the principles of which were suggested by him. After a report on the matter by the secretary of agriculture, Congress framed based on the secretary's ideas. This bill was introduced and passed by the House and is now before the Senate.

## MAKE PEACH CROP COUNT

Even Skins and Bruised Fruit May Be Utilized for Jellies and Marmalades—Some Recipes.

Ithaca, Sept. 12.—With all fruit crops way below normal this year, the home economics workers at the state college here suggest that housewives make the most of any fruits they can get. Peaches in particular, it is pointed out, may be made to go a long way toward stocking up the cellar shelves for next winter.

The good bits cut from bruised peaches they say can be made into delicious butter and marmalade or combined with other fruit, thus making a little peach go a long way. Even the skins have value and combined with apple make jelly in which the peach flavor may be made to predominate.

Here are some tested recipes:

**Peach marmalade**—Cook broken or small bits of peaches with as small an amount of water as possible until they are a pulp. Add two-thirds as much sugar as pulp and cook the mixture until it is thick and clear. Turn it into clean, hot jars and seal them. If a more acid flavor is desired, add one-half as much tart apple pulp.

**Cantaloupe in This.**

Peach and cantaloupe conserve: 1 pint diced peaches, 1 pint sliced cantaloupe, 3 cups sugar, 2 lemons, juice and grated rind, 3-4 cup blanched and chopped nuts.

Combine the ingredients, with the exception of the nuts. Cook the mixture until it is thick and clear, add the nuts, and pour it into clean, hot glasses. When it is cold, cover it with hot paraffin. The nuts may be omitted.

**Peach jelly** may be made by combining 1 cup of extracted peach juice with 1 cup of extracted apple juice and using 1-1/2 cups of sugar to each 2 cups of the combined juice.

Many other recipes for fruit conserves, jams, marmalades, and jellies are given in Bulletin H 136, which will be sent without expense to residents of New York state who make request for it of the state college of agriculture at Ithaca.

## COUNTY COURT PROCEEDINGS

Whitmarsh Gets Suspended Sentence—Irving Smith Fined \$150 and Drains Suspended Sentence—Other Cases Heard—Molinar Case This Morning.

The September term of county court, Judge U. G. Welch presiding, opened yesterday at the court house in Cooperstown. The day was entirely taken up with four criminal cases, in all of which the defendants pleaded guilty and sentence was imposed by the court in accordance with the character of the offense. The cases were as follows:

People against Irving Whitmarsh. Defendant pleaded guilty on charge of abduction. Following his arrest, Whitmarsh married the girl, whose name was given in connection with the alleged offense. In view of this fact, and with the approval of the district attorney, sentence was suspended.

Isaac Lot of Oneonta, pleaded guilty to a charge of selling intoxicating liquor. Was fined \$100 and sentenced to three months in county jail. Fine was paid and jail sentence suspended.

Irving Smith, also of this city, pleaded guilty to the charge of being a common gambler. He was fined \$150. Fine was paid and Smith was given suspended sentence for one year under parole, to report regularly to his attorney, Claude V. Smith.

Rocco Curcio of Richfield Springs, indicted under the liquor tax law for having intoxicating liquor in his possession. Pleading guilty and paid fine of \$200. The maximum penalty in such a case is \$500, and as this was a first offense, the court evidently means it to be understood that leniency will not be shown to offenders in liquor tax cases.

This completed the work of the day. The next case today will be that of the people against Anthony Molinar, held under provisions of the liquor tax law. This case will undoubtedly be the first in which a jury will be drawn. District Attorney Pierson will appear for the people, Claude V. Smith, Palmer of Cobleskill as counsel, for the defendant.

## LOCAL MENTION

—The D. & H. Day car of the Susquehanna division is expected to arrive in the yards this afternoon at about 4 o'clock.

—The Oneonta State Normal school opens tomorrow for the year 1921-22. Student bodies to arrive yesterday and it is expected that there will be a large influx of old and new ones today.

—Last game of the season at Neahwa park this afternoon; Walsh's Giants vs. Albany Bonackers. Turn out and bid the boys an enthusiastic "adieu." The game will start at 3:30 o'clock.

## BONACKERS HERE TODAY

With "Hop Hickey" Twirling a Sizzling Game Should Result When Rural Teams Play Off Rubber—Students Under 15 Admitted Free.

Oneonta will have its final game of the 1921 baseball season today, which has been designated as Oneonta day, when the Bonackers, the crack team from the Capitol district, will cross bats with the Giants at 3:30 o'clock at Neahwa park.

The Bonackers are placing great confidence in the outcome of the game on the ability of Hickey as a pitcher, and they feel he can stem the onslaughts of the Oneonta club. Backing up their moundman will be as strong an infield as can be possibly drawn together, and those who do duty in the garden will be the finest class of fielders and sticklers that Manager Hemphill has had together this year.

Our own club too is in fine fettle, and fans may rest assured the visitors will have some surprises waiting for them when umpire Beane calls "play ball" at 3:30.

As the Oneonta club has won all the series in which it has engaged, there is going to be a big battle today to add other laurels by the winning of the third game from the boys of the Hudson valley.

This afternoon all students in the city under the age of 15 years will be admitted free to the left field bleachers as the guests of the Community Athletic association, and we all know they will do some real rooting for the Oneonta club.

## Good Financial Condition.

While the Athletic association has had large expenses, with a good crowd today, the final game of the season, it will be able to meet all expenses and make a good report for the season.

It is requested that all persons having bills against the association present them today if possible. The players will be paid early Wednesday morning and ere the day is over, doubtless, all will be off to their homes or studies or work.

## DROWNED AT ATLANTIC CITY

**W. R. JENKINS, RETIRED FEED MERCHANT OF SCHENEVUS, LOST HIS LIFE WHILE BATHING.**

West There With Wife September 3—Body Recovered Off of Village's Most Highly Esteemed Citizens—Prominent in Civic and Church Affairs.

Atlantic City, N. J., Sept. 12—A bath-er identified as W. R. Jenkins, a retired feed merchant of Schenevus, N. Y., lost his life in the ocean here today. Jenkins was seen by life guards struggling in the water some distance from the shore, but before they could reach him he sank, and did not reappear. Later the body was recovered. Jenkins had been staying here with his wife.

The beach guards rescued R. J. Bancroft of Watervliet, N. Y., who was swimming near Jenkins. The sea was the roughest of the year, and nearly two score bathers were rescued by the guards during the day. The drowning was the first of the season.

## A Most Respected Citizen.

Schenevus, Sept. 12—W. R. Jenkins was one of the most respected citizens of Schenevus. He came to this village about 15 years ago and engaged in the retail feed business, being very successful in the enterprise. Two years ago he sold the business to West & Nesbitt, the present owners.

Mr. Jenkins, accompanied by his wife, left the village in their auto a few days ago last Saturday for Atlantic City. Only today he was seen. Mr. Goddard received a letter from Mr. Jenkins telling of the pleasant time he and Mrs. Jenkins were having at the Jersey resort. In the letter he told with pride of having met President Harding when the President visited there yesterday. He said that he and Mrs. Jenkins expected to leave for home in a day or two.

William R. Jenkins was born in England 57 years ago. Besides his wife, who before her marriage was Cora Hubbard of this village, he is survived by two sisters who live in England. There are no children.

The accidental drowning of Mr. Jenkins will come as a severe shock to the citizens of this village and vicinity. He was esteemed and highly respected by everyone and was identified with various organizations and civic activities of the village. He was past master of the Schenevus Valley lodge, F. & A. M., and a prominent member of the Methodist church.

The dispatch from the Associated Press last night, which is printed above, contains the only information about the drowning accident received up to a late hour last night. The first intelligence received in Schenevus was given by The Star when a representative of the newspaper, in seeking further information called the village and asked for the particulars of his life. It is probable that the accident occurred late in the day and that the message to Schenevus relatives did not reach there before the telegraph office closed.

## TODAY IS PRIMARY DAY.

Polls Open at Seven This Morning—Close at Nine Tonight.

Today is primary election day in the state of New York and throughout the commonwealth, save in the larger cities, the polls will open at 7 o'clock this morning and close at 9 o'clock tonight. There are four parties, the enrolled voters of which have a right to cast their ballots. They are the Republican, Democrat, Prohibition and Socialist. The Republican voters in both districts of each ward will vote at the polling place in the first district of said ward, the three other parties at the polling place in the second district.

As only those who last fall enrolled as members of one of these parties have a right to vote at the primaries, no one not so enrolled will be allowed to go to the polls. But to those duly enrolled, primary voting is almost as great a duty as voting at the November election. Certainly it is if the voter believes in the direct primary. Every primary election in which only a handful of votes are cast, no matter what the cause, is an added argument for the repeal of the direct primary law.

## All Missionary Workers Invited.

The September meeting of the Woman's Missionary society of the First Presbyterian church will be held in the church parlors this afternoon at 2 o'clock. Mrs. W. D. Larkin of Cobleskill will speak on her trip through the Orient with special reference to missions. All Missionary societies of the city are invited.

## SPEAKS ON ART OF HELPING

Miss Hilda K. Mills to Address Family Social Work Association at Municipal Hall Friday Evening—Others to Speak and Sing—Everybody Invited.

All citizens interested in Social Welfare are urged to hear the address on "The Art of Helping" by Miss Hilda K. Mills, in connection with the meeting at 8 o'clock Friday evening in Municipal hall of the Family Social Work association. Miss Mills is field secretary of the American association for organizing Family Social work.

President Owen C. Becker of the Chamber of Commerce is making a specific request to members of that organization to stimulate interest in the meeting and in the association's work by attending the gathering Friday evening and in other ways demonstrating the support to this work the Chamber as an organization is willing to give.

While memberships in the association will be sought through the meeting, no dues are connected with these memberships, according to an announcement by officers of the association. New members enlisted will be asked only to give their service and support to the association by reporting cases needing the organization's attention and keeping alive the interest in this social work. Without a live membership giving suggestions and assistance in enlarging the association's field of activities, and in removing known conditions, the work of the organization can be but partially successful.

Confident that "its day is coming" will convince any public spirited citizen of the need and urgency for the work being done by the Family Social Work association, the committee in charge of the meeting, consisting of Mrs. George B. Edd, Mrs. Arthur E. Ford, Miss Elizabeth M. Bakely, are putting particular stress on the meeting being open to the entire community. All are cordially invited to attend and take part. Several musical numbers together with the talks by Miss Mills and others will make up a well balanced program that assures an enjoyable and profitable evening.

## Home Guards Elect Officers.

The Home Guards of the First Methodist Episcopal church, an organization of young people between the ages of 6 and 14 years, held a well-attended meeting yesterday in the church parlors. The following were elected officers for the ensuing term:

President—Betty Johns.  
Vice-President—Dorothy Todd.  
Secretary—Nina Williams.  
Treasurer—Katherine Dunn.  
Miss Box Secretary—Lewis Rose.  
Playlist—Audrey Reynolds.

## Addesses Harpersville Congregation.

Dr. and Mrs. O. C. Tarbox, accompanied by Mr. and Mrs. George Gibbs, motored to Harpersville Sunday, where in the evening, at the Methodist church, Dr. Tarbox addressed a large gathering made up mostly of young people. The pastor of this church is Rev. Jesse L. Wilson, formerly of Oneonta, and with many warm friends here. The church is in a prosperous condition and is occupying for the first its recently-completed edifice.

## LOST IN THE MOUNTAINS

Wallace Woodworth, of This City, Recently at Catskill Mountain House, Found Woman and Children Lost for 36 Hours.

The following from a recent issue of the Catskill Recorder will interest the many friends of Wallace Woodworth, of this city, who recently returned from the summer spent at the Catskill Mountain house:

On Monday morning a Mrs. Wagner and son, and a Master Eberhard (the boys nine and ten years old) motored from George Rundell's boarding house, Kingston, to the Rip Van Winkle House, intending to dine at the Catskill Mountain house. They left their car and started to walk but missed their way, went off to North Mountain and wandered about there until 10 o'clock Tuesday night—That is, they were lost for thirty-four hours.

A search party was sent out from Kingston on Monday and again on Tuesday night, but with no result. Then at 6:30 Tuesday evening Wallace Woodworth of Oneonta (chief engineer), Raymond Linzey of Kingston, Herbert Cunningham (caretaker of the Mountain House) and William Black of Jersey City, employed in the laundry, left the hotel and when they reached North Lake divided into two parties. Cunningham and Black going to South Lake, Woodworth and Linzey to North Mountain. These latter soon heard cries of distress, followed them and found the lost ones more than a mile "in" the mountain near a swamp. They were in a pitiable condition—clothing torn, the boys shoeless, all weak for want of food. Woodworth and Linzey helped Mrs. Wagner and carried the little fellows to the Mountain House, where, needless to say, they were fed and cared for, a doctor's services being required, and spent the night in comfort. Next day Mr. Eberhard of New York came with others from Kingston, and took a picture of the spot where they were found.

We mention in conclusion that the state troopers and the Boy Scouts readily lent their services in the guests though they were unable to carry them out successfully.

## Baby Clinic Postponed.

There will be no baby clinic at the Community house today, it having been postponed until Friday next.

The Ladies' guild of the Lutheran church will hold a home-made bake sale at the Capron store, Wednesday at 11 a. m.

An  
Anthology of  
Poor Eyesight.

Uncle Jeremiah Whittlesy

Poor old Uncle Jeremiah, he certainly had his share of eyeglass troubles. Rather early in life his eyesight showed signs of failing. From awkwardly peering over reading glasses he took to fumbling with two pairs, and from two pairs he changed to ordinary bifocals with the conspicuous lines and humps across their lens surfaces. At each change Uncle became more discouraged.

One day somebody told him about Kryptok Glasses. Perhaps he doesn't enjoy life now! enjoys all the comforts and conveniences of youthful eyesight.

Come in and let us tell you more about Uncle Jeremiah and Kryptok Glasses. We will appreciate an opportunity to be of service to you.

Remember the name KRYPTOKS and the exact place to get the genuine

# Fordson TRADE MARK Farm Tractor

There is only one model of the Fordson tractor. Henry Ford knows the wisdom of concentrating every energy on one model; his genius has been centered on building just one compact, easily-operated tractor—a tractor useful on small farms or large farms, field work or belt work—and that will cost the least to maintain and operate.

Henry Ford & Son have specialized—they have made one tractor and made it well. That means lower manufacturing costs and a lower selling price for tractor parts, and a most serviceable, reliable tractor.

It means that the Fordson dealer is able to carry a goodly stock of tractor parts, and that he can give prompt, efficient service to the Fordson farmer. The Fordson, like the Ford car, is a utility for use during the entire year.

The demand for Fordsons is far greater than present production. Place your order now—if you delay, you may not be able to get your tractor when you want it. Order now—it is your protection.

## This fall, prices are one third lower for Hart Schaffner & Marx clothes

But the prices aren't the best things about clothes. The high quality and smart styles are of greater importance.

The one-third price reduction in the past year is worth while, isn't be worth a "hoot" unless the quality was right.

So look for something more than "low prices." We've got everything you want here.

## OBITUARY.

## Mrs. Frank Morrell.

The funeral services of Mrs. Frank Morrell, whose death was briefly noted in yesterday's Star, will be held from the family home on Upper West street, Wednesday afternoon at 2 o'clock. The services will be conducted by the Rev. Dr. Charles S. Pondleton of the Main Street Baptist church. Burial will be in the family plot in Riverside cemetery.

Fannie Mae Phillips was born on the Wilber Lake farm, August 4, 1861, the daughter of the late Edward and Adeline (Dibble) Phillips. On Christmas day, 1878, at the age of 17, she was married to Mr. Morrell. She died at 8:45 o'clock Sunday afternoon, following an illness of only three days' duration.

The surviving relatives, besides her husband, are one son, Leroy, a granddaughter, Elizabeth Morrell, and a sister, Mrs. Augusta Bailey, of 34 1/2 Broad street, this city.

Mrs. Morrell had spent her life in the town of Oneonta, always living

within a few miles of the place of her birth. She attended the Main Street Baptist church and her life was one of Christian devotion to the members of her family and to others, who from time to time were in need of her sympathy and untiring assistance. She was a member of the Oneonta grange and took considerable interest in the welfare of that organization. Her passing is regarded with deep regret by many friends and neighbors.

## Funeral of Edith Leona Squire.

The funeral of the late Edith Leona Squire, who died last Friday at the Fox hospital, was held yesterday. At 8 o'clock a prayer service, conducted by the Rev. Dr. Marvin Thompson of Troy, was held from the home of Charles Smith, 35 Pine street. The body was then taken to Kortright center, where Dr. Thompson, who is a former pastor of the family, conducted the funeral services in the Gilchrist Memorial church. Burial was in the family plot in the Bloomville cemetery.

## YOUNG MEN FINED.

L. C. Terry and Alvord Van Alstine Each Pay \$10 for Conduct on Streets.

L. C. Terry and Alvord Van Alstine were each fined \$10 and severely reprimanded when they pleaded guilty to charges of disorderly conduct before Judge Frank C. Huntington in the city court yesterday morning. The young men were arrested late Sunday night while engaged in a fight on the corner of Broad and Main streets. Terry was released for appearance yesterday, on \$200 bail furnished by sympathizers in the argument which prompted the fight, and Van Alstine was released by a like sum of bail furnished by his father.

Differences between the two men were caused primarily by the fact that they were both paying attention to the same girl. Van Alstine was reproved by several young men for his actions toward the girl earlier in the evening, when four of them found her in semi-conscious condition lying in the main highway near West Ontario. They had picked the girl up and were about to place her in the car when Van Alstine came upon the scene, and the girl remained conscious long enough to recognize him as the one who they believed then had maltreated her. The girl was taken to her home in the city and Van Alstine followed in his machine. Later he encountered the man, who had found the young woman, and some others, Terry among them, on Broad street and the argument started.

Van Alstine paid the \$10 fine and was released yesterday morning. No charge could be brought against him for his alleged actions with the young woman. So far as could be found out, no warrant for Van Alstine's arrest has been issued by the town authorities under whose jurisdiction the incident occurred. It is understood that the girl will not press the matter and unless some of her friends enter complaint it will be dropped. The girl refused to tell the city police yesterday morning her version of the incident.

Van Alstine maintains that the girl became jealous of him when he paid attention to another young woman in the party at that she ran and became exhausted thus accounting for her condition when found in the road. He saw her and ran to a house for help; but when he could not raise anyone he returned and found the young men picking her up. Van Alstine says that he has never been in trouble before. According to the police his record is apparently good.

## FINED \$50 FOR ASSAULT.

Victor Kloster Pays Dearty for Rough and Ready Tactics Sunday Night.

Victor Kloster, erstwhile prize fighter, sometime since of Colorado, but now of this city, paid a fine of \$50 for using some of his rough and ready tactics on two young Oneonta men on Broad street Sunday night. Kloster was arrested yesterday on a warrant issued by Judge Huntington charging him with assault in the third degree. Lester E. Dunne and A. Y. Boardman were the complainants. Kloster, Dunne and Boardman were in the Graves Brothers' restaurant on Broad street Sunday night. They saw a young woman employ leave some money in bills on the counter near Kloster. They said that when the young woman's back was turned Kloster picked up the money and stuffed it in his pocket. Later when she returned one of them told her of the incident. She asked Kloster for the money and he gave it up. The three men finished eating and left the restaurant.

Dunne and Boardman, when outside, were approached by Kloster and without a word of warning, they say, he pitched "into them." He struck Dunne a blow on the face and then disappeared. Dunne and Boardman entered complaint against Kloster and yesterday morning the warrant was issued for his arrest. The warrant was served at 2:30 o'clock and directly after he was given a hearing with the result that he was fined as noted.

### How to Make Grape Jelly from Ripe Grapes (By a Jam Maker)

The finest grape jelly you ever tasted—chock full of the natural grape color and flavor—can be made at home within a few minutes. I use the "Certo Process" because I can use ripe grapes and it takes only one minute's boiling, thus saving flavor and color, never fails and is cheap—because I get two-thirds more jelly.

The new "Certo Process" for making grape jelly is very simple. Crush about 3 1/2 pounds of ripe grapes and add 1/2 cup of water. Simmer in covered saucepan for 15 minutes. Put cooked fruit in jelly bag and strain out as much juice as possible. Measure 6 1/2 heaping cups (3 1/2 lbs.) sugar and then 4 cups (2 lbs.) of grape juice into saucepan, stir and bring to a boil. At once add one bottle of Certo Process constantly. Stir and bring to a boil again for one minute. Remove from fire, let stand one minute, skin and pour into glasses. Makes 3 1/2 pints or 11 half-pint glasses of jelly. Ordinary bottled grape juice also makes delicious grape jelly with this recipe.

The above recipe and many others for making delicious jellies and jams by the "Certo Process" is found in the Certo book of recipes, a copy of which will be given to you by your grocer or druggist when you get Certo. Extra copies will be sent free if you write to the Pacific Sales Company, Inc., 350 East Avenue Rochester, N. Y.

Use Certo this year in making all your jams and jellies. It saves time, worry and boiling in a hot kitchen. The "Certo Process" not only saves money because you make two-thirds more jelly from the same amount of fruit.

## FUNERAL OF MRS. CLEVELAND.

Services From Late Residence Monday, Conducted by Dr. Farley.

The funeral of the late Mrs. Mary F. Cleveland was held at half past two o'clock Monday at the family home on Walnut street. Rev. Dr. Edson J. Farley of the First Baptist church conducted the service, which was attended by a goodly number of neighbors and intimate personal friends. There was a profusion of beautiful flowers, in memory of one of whom it might well have been said, "Nature she loved and, next to nature, art."

Prefacing his remarks by suitable selections from the scriptures, Dr. Farley followed with a brief address, in which he paid fitting tribute to one who had for many years been a member of his church. In particular stress was laid on the intimate bond which existed between Mrs. Cleveland and her surviving sister, and to the latter not only his sympathy but that of many friends was extended. In conclusion Dr. Farley read a poem particularly appropriate to the death of Mrs. Cleveland and offered prayer.

Interment was in the Farrington family plot at Riverside, the bearers being L. E. Harris of New York, H. R. Eckert of Bloomville and George Jackson and Andrew D. Saxton of Oneonta, all save the latter relatives of the deceased.

Among the relatives present from out of the city were Mr. and Mrs. L. E. Harris of New York city, Mr. and Mrs. H. R. Eckert, Mr. and Mrs. Lee P. Grant, Powell Grant and Mrs. Helen Gerow of Bloomville, Mrs. Florence Cleveland of Panama, Canal Zone, Mrs. L. F. Davy of Cooperstown and Mrs. Nancy Herring of Cooperstown. Besides the floral tributes from relatives and friends, there were appropriate poems from the Woman's club and the Walnut Street Picnic club.

MODERN CIVILIZATION  
ATTACKED BY CLERGYMAN

London, Sept. 12.—That the world has fallen into a moral slump, that there has been a universal recrudescence of sin, particularly in America, and that physical force rather than the moral law has been given supremacy were among the declarations made here today by the Rev. Ezra Squier Tipton of Madison, N. J., in an address before the Methodist Ecumenical conference.

In his address on the subject, "Christ the World's Greatest Need," he made an attack on modern civilization generally and declared that ideals have undergone amazing changes and that conception of primary principles have been distorted. Truth has been perverted. Christian virtues have lost their divine luster and the sense of sin has been dulled, he declared.

"What help is there for this broken world?" he asked. "Naturally we look at the church, but find it full of imposing ceremonies, thundering moralities, rigid dogmas, venerable traditions, infinite cowards of organization—everything except the spirit of the Galilean peasant, who came to plant in the garden of the world the seed of the love of the Almighty."

PRIEST KEEPS  
VIGIL OVER DEAD

Young Clergyman Dwells Amid  
Coffins of 300,000 Defend-  
ers of Verdun.

## HUT GIVEN BY AMERICANS

Wooden Structure Used by Priest Un-  
til Permanent Monument Can Be  
Erected to Heroes of the  
Great War.

Paris.—A mile from Port Droumont, which looks down on the walled city of Verdun, France, and its ring of defenses, lives a priest who never smiles. He is young, clear-eyed, and does not need the ribbon of the Legion of Honor nor the Cross of War with the palm that he wears to tell that he has served. He lives today in a wooden hut with the bones of 300,000 of his countrymen, the defenders of Verdun.

Time has softened the sharper outlines of his surroundings, and from a distance seems to have given the 12-mile battle front a green carpet. In reality, trenches have slumped in. The rims of shell holes have been rounded by rains, and frosts and melting snows. Acres of tangled rusted barbed wire have been hidden under weeds and shrubbery.

Rifle Barrel Marks Grave.  
Some inches of rusted rifle barrel protrude from the soil to mark a grave the workmen have not reached. Fragments of leather and cloth equipment lie scattered about, and even along the more frequented paths one stumbles over bones.

The wooden hut where M. L'Abbe Noel lives is perhaps 20 feet wide and 40 feet long, the gift of an American committee. At the end opposite the entrance is the altar, and forming an aisle, are tiers of coffin-shaped boxes, with the lids resting loosely upon them. Each box is placarded with the names of the sector along the Verdun front where the fragment was found.

Flowers Blanket Coffins.  
Many of the coffins are heaped high with flowers and wreaths, and on all are visiting cards put there by those whose memories center about the locality named on the box. Of the 400,000 French who died at Verdun, said the abbe, 500,000 will never be identified. An "ossuaire" is to be erected on this spot, and in it will be placed these "sacred bones," where they will rest. Each sector will have a tomb designated for it, where now there is a wooden box.

Four shrines, Catholic, Protestant, Jewish and Musselman, will be grouped about the ossuaire. Each day adds to the collection that is gathering in the temporary wooden hut which serves until the permanent structure is completed.

On the nearest hill is a wooden cross, built and erected by Marshal Foch for the dead of his armies. A few yards away is the grave of a French commander, General Anselmi, killed in action. Not far distant and over the crest of the hill is the massive concrete monument built over the "Trench of Bayonets" where an entire company died as they waited, rifles in their hands, the bugle call to charge. Their bodies have never been disinterred and the protruding rifles with bayonets fixed are still clutched by the soldiers whose graves they mark, as though waiting for the long-delayed command to go forward.

## WHO FOUNDED ST. LOUIS?

Historical Society There Debates Question Before Erecting Monument Commemorating Event.

St. Louis.—The offer of the newly formed St. Louis Historical Society to erect a group monument here to commemorate the founding of the city February 15, 1764, with the suggestion that the central figure be Rene Auguste Chouteau, surrounded by a group of pioneers, including LaSalle, has reopened the old question as to who was the actual founder of this city. Chouteau has been regarded by many historians as LaSalle's lieutenant.

The society has had the inscription on Chouteau's tomb, showing the date of his birth at 1740, recut. Records show that if the date were correct, Chouteau's mother was only seven years old at the time of his birth.

\$350,000 FIRE SWEEPS  
ERIE R. R. ROUNHOUSE

Jersey City, Sept. 12.—Fire swept the Erie railroad's roundhouse at Pavonia avenue Sunday with an estimated damage of \$350,000. Only two of the 20 passenger locomotives in the building were saved owing to the rapid spread of the flames over the oil-soaked floor and beams. Yard workmen who tried to haul out the engines were forced to abandon the effort and flee.

The freight house and milk platforms caught fire several times, but the firemen succeeded in saving them. The engines, although badly damaged, could be repaired, it was said. Two firemen were injured during the blaze and were taken to a hospital. Their condition is not serious.

World War.

Berlin, Germany.—Germany lost 1,792,368 men killed and 4,248,874 wounded from 1914 to 1918 according to a revised compilation of the German casualties during the war. In addition 200,000 men are still reported as missing.

The losses in the navy, which are included in the casualties given above, were 34,256 men killed and 31,035 wounded.

## Pulle Up Buried Gold.

Pottsville, Pa.—Prof. J. S. Gottlieb, choirmaster at St. John the Baptist Catholic church, the other day saw a string sticking up from the ground in his yard. Pulling on it he drew out of the earth a bag containing \$300 in gold. A wealthy family formerly occupied the home where the professor lives now, No. 109 Howard avenue, and it is believed the money was buried treasure. For years it reposed, nearly on the surface of the ground, ready for anyone to pick up.

Possibly.

## STOLE SUIT OF CLOTHES.

Youth Who Took Suit and Jewelry  
Intercepted at Richfield Springs.

Violations of the law run in streaks in Oneonta. After a quiet week, with scarcely an arrest for a misdemeanor more serious than violations of automobile ordinances, Sunday came with a result that Monday was a busy day in the city court. Stories in other columns tell of part of the business Judge Huntington was called upon to handle yesterday. One other remains.

Lorraine Terwilliger, 20 years old, and better known during his short sojourn in the city as Jack Kyle, was arrested in Richfield Springs Sunday while on his way "west" with a suit of clothes and several fraternity badges he stole earlier in the day from his landlord, Edward Osgood, of 94 River street.

Terwilliger is a native of Arkville. He came here several weeks ago and since has been boarding in the Osgood home. Sunday morning he disappeared. A short time after Mr. Osgood missed his clothes and the jewelry. He promptly notified the police, who placed a net around the city against his escape.

Terwilliger was not wise for he told someone that he was going to Richfield Springs. The police acted accordingly and at that station the Richfield chief boarded the trolley and arrested Terwilliger. When the chief reached for the youth's suitcase the latter disclaimed ownership, so the officer told the trolley conductor to bring it back from Herkimer if no one claimed it before the end of the run. The conductor brought it back; and neatly packed therein the chief found Mr. Osgood's suit. Terwilliger was brought here yesterday morning.

When arraigned on the charge of petit larceny, Terwilliger pleaded guilty and was fined \$25 and sentenced to serve 30 days in the county jail. He paid the fine and was taken to Cooperstown yesterday.

The Range That Really Saves

There are two separate ovens—one for coal and one for gas. Both ovens may be used at one time—or either may be used singly. In addition to the two baking ovens, there is a gas broiler oven. There is room on the coal and gas sections, at the top, for NINE large utensils. You can do all of your cooking at one time. You can do it better—with less waste and less work. You have coal for Winter, to keep the kitchen warm and comfortable; and gas for Summer, to keep the kitchen cool.

The illustration below shows the wonderful pearl grey porcelain enamel finish—so neat and attractive. By simply passing a damp cloth over the surface you are able to clean your range instantly. No more soiled hands, no more dust and smut. It banishes the old time task of blacking the range. You owe it to yourself to enjoy the comfort and convenience of the Gold Medal Glenwood range.
